The whole world has been fighting against COVID for almost a year now, but we are still at the height of this battle to this day. We at Miniflix encourages everyone to be mindful and take safety measures at all times. Always wear a mask. Practice social distancing. Wash your hands frequently. Do not go out unless absolutely necessary. Let's remember that we are not doing this just for ourselves but for our families and front liners. This is a fight that can only be won with unity. Let's do our part and work together as a whole.

Join us at Miniflix in showing support for the Breast Cancer Awareness Month. Donate for the cause and get access to films celebrating women by purchasing "Women in Film Festival". Every purchase starts at a minimum of \$0.99 but you are welcome to donate any amount. All proceeds go "Breast Cancer Now" fund.

October is Breast Cancer Awareness Month, and we at Miniflix admire the courage of the strong women who have fought bravely and those who continue to fight every day. The warriors and the survivors who showed us that we can defeat anything if we fight like women. If we channel the strength of the women who go through this battle every day and those who managed to survive. Because in their strength, we found hope. Hope that no matter how hard the situation is, if we have faith, we'll make it through. And together we can spread that hope. Let us fight together with the fighters. Let us value the sacrifice of those who did not make it through. Let us take part in raising empowerment and creating more survivors. Let us paint the world Pink and replace all the fear with hope.

Be informed. Protect yourself. Know all about it before it's too late. Because early detection is key. So learn everything about Breast Cancer and the treatments and ways to detect it as early as possible. Educate yourself and encourage others to do the same. Spread awareness. Think Pink and Spread hope.

Winter is here and it's getting colder in the streets. We may be lucky enough to keep ourselves warm, but not everyone has the same privilege. So we encourage everyone to extend a helping hand for those in need.

It can be as simple as giving out excess clothes to the people in the streets and even the stray cats and dogs who don't have proper shelter and food to eat. Take some time and help them out in whatever way you can.

It's been a tough year for everyone, but there's still so much to be thankful for. And now that the holiday season is upon us, we would like to wish you a Merry Christmas! We may not be able to celebrate it the way we used to, but let us not forget that the true essence of Christmas can be found in our hearts. Let us be thankful for the lessons and let us hope that better days will soon come. Happy Holidays from Miniflix!
